—Gimbels, Pure Food Store, Chestnut Street Annex

## True Economy Means Atlantic

A good motor using poor fuel is a costly combination. Low-grade gasoline is responsible for many engine troubles. You cannot afford to consider any but the best for your car. Do you know why Atlantic is best?

Because, the crude oils selected are the highest grades obtainable. Because Atlantic specialists have conceived the most advanced methods of refining these oils.

The result is a pure, high-quality gasoline that develops the full power of your engine. Each explosion consumes all the charge. It all burns. All-power Atlantic means extra miles to every gallon. It is economical.

Atlantic has range. It allows for altitude and weather changes. You can set your carburetor for the season and forget it.

Get the most out of your car. Perfect engine performance is yours for the asking. Drive 'til you see the friendly Red Pump. Then tell the attendant to fill up the tank with
